Our Motto "Commitment for excellence" reflects our willingness of higher achievement in academics and to develop, nurture different facets of a child. A committed and supportive management, dedicated teachers caring and co-operative parents blend harmoniously to create this school as a child centric school and excellent achievement in every field. Children are spending most of their time in school, the concern of parents about the safety of children is increasing every other day. It is fundamental right of a child to study in an environment where he or she feel safe and is free from any form of physical or emotional abuse or harassment. In the school utmost care is taken to unfold inherent intellectual capabilities in the friendly environment.

The future of our country depends upon the value imparted to children during their student life. Gaining knowledge alone doesn't make one educated. The basic principles of truthfulness, honesty, charity, hospitality, tolerance, love kindness and sympathy makes one perfect. The sun rays never burn anything until brought to a focus. We focus on our aims and goals in alliance with values

As rightly said time and tide wait for none. The future belongs to the competent get good, get better, be the best. There are no limits to what you can accomplish, except the limits you place in your own thinking. It is our attitude, not our aptitude, that determines our altitude.

**Amita Koolwal**  
Principal
